University College, Trinity Western University, Redeemer College,

FAX NUMBER:

DATE: 18 February 2010

FROM: John Siebenga, Principal

MESSAGE: Please post the following advertisement or otherwise make it available for anyone
able and willing to consider an elementary teaching assignment.

Thank you very much.

Houston Christian School is cradled between Morice Mountain to the south and Mount Harry Davis to the north along the banks of the Bulkley River – as the mountains are around Jerusalem (Psalm 125). It looks forward to celebrating 50 years of offering Christian education to the community of Houston in 2012. With a student population of about 120 from K-12, HCS has a unique blend of students and teachers.

Because the present Kindergarten teacher is in the happy situation of expecting a 'little one', a half-time opening for a qualified Kindergarten teacher has been opened at Houston Christian School for the 2010-2011 school year.

The successful candidate will have a strong commitment to Christian education, the ability to work well in a collaborative setting, and an understanding of the unique needs of Kindergarten students. The successful applicant should be able to articulate a Christian world-view. A background or exposure to special education needs would be a significant asset.

This position commences August 2010. It is a 50% position with the possibility of additional hours teaching grade 7 – 11 French and possible other areas. The successful applicant must hold, or be eligible for, a valid BC Teaching Certificate and meet the requirements of the HCS Employment Contract.

For further information, please contact John Siebenga, Principal.

Applications including a current resume, a brief cover letter, three references, a statement of your

philosophy of Christian education, a statement of faith, and credentials should be submitted to the attention of:
